THE GREAT COUGH REMEDY!

PRADER! have you a Cough, which you are neglecting.

It under the idea that it is only a common cold, that it will soon "wear itself out?" Let a friend tell you, in all kindness, what will soon be the probable result.

In a short time, if you continue to neglect yourself, you will begin to feel a sense of tightness and oppression scross the cheek, accompanied with frequent sharp darring pains. Then a dry, hucking Cough will set in, and when you raise anything it will be a thick and yellowish, or white frothy matter, streaked, perlaps, with blook. If you still take no neclicity, these undersuch avantoms will increase, and you matter, streaked, perlaps, with biscol. If you still take no medicine, these unpleasent symptoms will increase, and you will soon have flectic Fever, Coli Chills, Night Sweats, Copions Expectoration, and then Great Prostration. If you still neglect yourself, a lew weeks or months will see you consign ed to the grave, leaving your friends to mourn how rapidly CONSUMPTION did its work, and burried you away.— Friend! have you no cause to be alarmed? In the above sketch you may see as in a glass, how every case of Consumption progresses, with more or less rapidity, to a fatal termination. Of all the Thousands and Militons whom this great Dostroyer has gathered to the tomb, every single case began with a Cold! If this had been attended to, all might have been well but, being neglected, under the fatal deliasen that it would "wear itself," it transferred its deadly action to the substance of the Lungs, exciting there the formation of tubercles. Another, and another cold added fuel to the flame, until these tubercles began to soften and suppurate eaving, by their ulceration, great cavities in the Lungs. At eaving, by their ulceration, great cavities in the Lungs. At his crisis, the disease is very difficult of core, and oftentime! sets at deliance all human means.

sets at deliance all human means.

In the latter or worst stage, this medicine will offentimes arrest the disease, or check its progress, and will always make the patient more comfortable, and prolong his life, and is therefore worthy of a trial;—but in its incipient or forming periods, Consumption is as corable as any other disease, and "Dr. Rogers' Syrup of Liverworth, Tar, and Canchalagua," if taken at this time, will cure it Low AS SURELY AS IT IS TAKEN! 252 This is strong language, but we can refer you to numberless living witnessess to prove that it is TRUE! And therefore, we earnessly exhort every man, woman and child, who has a Cough, or is subject to Colds, to keep medicine by you in the house; and whenever you take Cold, do not "let it alone" to work mischief in your system, but eradinot "let it alone" to work mischief in your system, but eradi-cate it thoroughly, at once, by this power, fully healing com-pound and leave your Lungs uninjured, to carry you in full

pound and leave your Lungs uninjured, to carry you in full vigor to a good old age!

MOTHEES!

Have you delicata, weakly children, who are always taking cold, and subject to Croup! Remember! There never was care of Croup, which did not originate in a Cold! And when your calld goes to bed wheering and coughing, you know not that, before nurning, Croup may not set in, and ere you can get a Physician, your dear child may be beyond the reach of help. We be seek you therefore, as you value the lives of your children, keep this medicine by you in the bouse, and when your little ones take cold and commence coughing, give it to them stonce, and rest notuntil the cough is entirely subdued. We conscientiously aver, after the most extended experience, that if this advice were followed no child need ever no child need ever DIE OF CROEP,

for the cold would be cared, before it could arrive at this aggravated and fatal stage. Let every Mother, especially, heed well these remarks, that she may not hereafter, when moorning over the carry bright of some cherished blossom, have occasion bitterly to reproach herself for her criminal neglect. It is an old adage, that "to be forwarded, is to be forearmed." Parents! so let it be in your case. Parents! so let it be in your case.

Be sure to ask for Dr. A. Rogers' Syrup of LIVERWORT,
TAR and CANCHALAGUA, and let no other be palmed on
you.
